

Textbook Delivery Schedule

1. Clustering and Association Rules - 26/08/2019
2. Visualisation - 02/09/2019
3. Regression - 09/09/2019
4. Classification - 16/09/2019
5. Neural Networks - 30/09/2019
6. Time series, text and network analysis - 28/10/2019
7. Mapreduce, SQL, distributed databases - 17/02/2020

The format will look like this:

In [1]:

```
df <- c(1,2,3)
```

```
df
```

```
1 2 3
```

Equations can also be embedded

$$v = \sqrt{\sum_i^n x_i^2}$$
